

# Certified Green Professional (CGP)

## The Fastest Growing Designation

Instructor: Kris Alberti, CGP

The Certified Green Professional™ (CGP), an exclusive designation offered by the National Association of Home Builders, recognizes builders, remodelers, and other industry professionals who incorporate green building principles into homes using cost-effective and affordable options.

Class work leading to the designation provides a solid background in green building methods and the tools to reach consumers and to provide market-driven green building solutions to the home building industry.

### The CGP Designation Curriculum offers information on:

- The principles of energy, water and resource efficiency.
- Indoor air and environmental quality.
- Lot and site development for green homes.
- Home buyer and owner education.
- Common business challenges and practical tools to overcome them.
- Business management, marketing and sales strategies to sell green.

Earning the CGP designation demonstrates to your clients and peers your commitment to the best and latest in green building practices and techniques and that you hold yourself and your work to the highest standards of professional ethics. NAHB also links consumers directly to you via an online directly which allows home buyers and owners to easily find experienced building professionals.

### Designation Credit:
