

Lexar Homes has plans starting at \$43 sq ft built on your land or on land you purchase with our home.

Serving the Inland Northwest and Northern Idaho.

The 2576 sq ft plan shown here starts at \$132,900 built on your site.

Lexar Homes is the leader in on-your-site builders providing you with affordable, high quality, healthy, sustainable, and energy-efficient custom homes through the study and application of Building Science technology. We offer 41-plus, customizable floor plans to suit all types of housing needs. We can also build your plans. We are locally owned and managed and use local suppliers and trades professionals to build your home to help support our community and get the quality we demand. Come visit our beautiful model home and see why Lexar Homes is the choice to build your custom home on your land. We are located at 506 N. Vercler Rd., Spokane Valley, WA 99216 and can be contacted at 509-321-1000.
