

Mill Valley Homes, Inc.

PO Box 1489

Deer Park WA 99006

mvh@millvalleyhomesinc.com

Mill Valley Homes, established since 1989, is pleased to present one of our best stock home plans for the Spokane Home Builders Association - Plan of the Week.

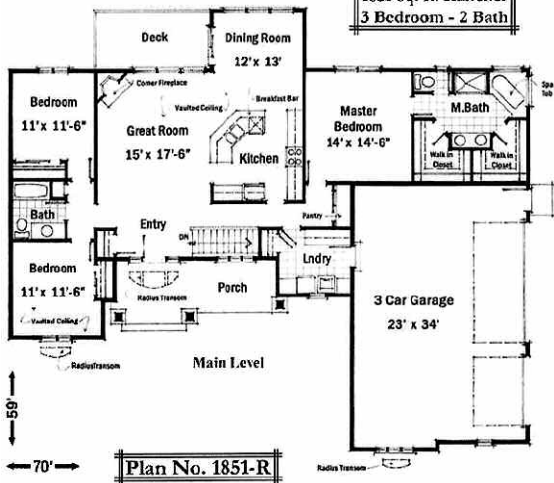

Our plan, number 1851 is a rancher which offers great front elevation, plenty of curb appeal and numerous options. Small enough on the main floor with 1850 square feet for empty nesters but with a finished basement large enough for family living. There is a side approach three car garage, beautiful entry way with many gables on the front elevation and a covered back deck for year round barbequing.

This home has inside features of a huge great room with a nice working three point kitchen, solid granite countertop with full tile backsplash. The master suite offers a large space for a king sized bed, a mud base tiled shower, soaking tub and "his" and "her" walk-in closets.

There are two full baths on the main level. The laundry room offers a walk through for a convenient lifestyle. This home, though sold long ago, can be viewed by driving past 602 North Country Club Drive on the Deer Park Golf Course. The interior can be viewed by prior appointment.

This home can be built on your lot starting at \$179,000 in approximately a five month time period.
