

Camden Homes' spacious Sahalee plan offers 2,900 finished square feet and is a dream home for entertaining. The large, modern kitchen has a corner pantry and well-designed island overlooking the breakfast nook and great room. The main floor excels at space usage with a formal dining room, study, mud room, and powder bathroom. Details like a waterfall ceiling in the dining room, define the space, and a built-in bench in the mud room adds charm and efficiency.

Upstairs is a loft overlooking the entry and a full laundry room with utility sink. The huge master suite has a five-fixture bathroom, including a soaking tub, full shower, and massive walk-in closet. The three additional upper floor bedrooms each have a walk-in closet and share a bathroom with tub/shower combo.

The three-car garage has an extended third bay for oversized storage. With four bedrooms and two and a half bathrooms, this home is complete, and still offers an additional 1,200+ square feet of unfinished space and a roughed-in bath in the large basement.

The Sahalee includes the following upgrades at no additional cost: wood trim package, solid wood doors, stainless steel appliances with gas range, and granite slab counters in the kitchen.

This home can be seen every Saturday from 1:00-4:00p.m. at 1812 S. Shamrock Drive. Directions: I-90, exit Sullivan Rd., south on Sullivan Rd, left on Saltese/32nd, left on Chapman, left on Morningside Heights, right on Apollo, left on Clover, right on Shamrock Dr.
